

**REMARKS**

The foregoing amendment to the specification is made to reflect a change to the drawings required by the Office of Patents Publication, namely, the substitution in Figure 8 of boxes for shading used in the original drawing. A copy of revised Figure 8 is attached for the examiner's use. No new matter is added.

The examiner is invited to contact the undersigned to resolve any remaining issues.

Respectfully submitted,

Date: October 26, 2006
